

Sight WORD Challenge

These lists of sight words contain all of the sight words your child will need to master before the end of 2nd grade. Kindergarteners are responsible for learning the first five lists only. Your child will be given one page which contains 5 lists to practice in school and at home. If your child progresses past the first five lists they will be given the next 5 lists to begin learning. I want to meet your child where they are and help them make as much growth as possible this year.

Kindergarteners are only required to learn lists 1a-5a

We practice these daily in our classroom. Please use these at home to help your child practice learning and mastering these words at home. Begin with list 1a. After your child has successfully mastered each list then begin practicing the next list. Please do not attempt to practice all 5 lists at one time.

List 1a

to
my
he
at
the
a
go
I
can
she

List 2a

is
this
you
do
or
it
for
and
me
